

Truely Portable Single Gas Detector

Model **Airwell Plus IP**

방진방습형 단일성분 측정기

Dust & Water proof
Indoor/Outdoor Air Safety
Toxic Gases Detection
Working Area Monitoring
Explosive Gas Detection

Feature

Easy Operation
Light weight
Truely portable

Specification

Mesurable components : O2 CO CO2 SO2 NO2 NO VOCs
HF HCL TVOC CH4 Formaldehyde (CH2O)
NH3 O3 H2S Mercaptan H2

Measuring range : sub ppm to percent (Consult factory)

Sampling & : Diffusion type

Resolution & accuracy : Depends on range of sensor and application

Detection type : Electrochemical - Life 16 months <

NDIR (CO2 HC CH4) - Life 5 years

PID (TVOC) - Life 18 month <

Weight : 1.2 kg

LCD Display : 2 line 16 charactor Back up lite

Battery -Li-Ion rechargeable Battery

Rechargeable Adaptor- Speed Charge : 60 minute for 5 hours operation

Minutes Average Date measuring

1 ~ 60 Minutes Average Data Storage

Real-time data RS232 digital output

General Purpose

Standard accessories - AC adaptor operation manual RS232 PC cable

Light weight ABS fibox case

Alarm factory set

Optional - Sampling pump (Flow rate ~500CC/min)

Carrying case
